CONSELL NACIONAL CATALÀ

London, England

New York, May 4, 1945

In the spirit of brotherhood which binds all true defenders of democracy, we ask you for a moment of your attention.

We enclose herewith a brochure, "The Case of Catalonia" (An Appeal to the United Nations), and we urge you to read it. It describes the plight of an unrecognized nation - now oppressed by Fascism - which once more appeals for justice.

With sincere gratitude,

J. Carner Ribalta J.M. Fontanals J. Ventura Sureda
